**Re: Eclipse Regulatory Compliance Specialists (ERCS)**

I confirm that Devon Canada Corporation has dealt with Eclipse since 2005, during which time they have provided my business with excellent service in the areas of regulatory compliance. They have helped us with several pipeline & facility applications as well as environmental and miscellaneous regulatory items.

Their work & expertise has been a major factor in our ongoing success, helping us to remain 100% compliant in all applications that Eclipse has been involved with. I can confidently recommend Eclipse Regulatory Compliance Specialists as a solid and reliable partner, and experts in their field.
