To Whom It May Concern:

Re: Eclipse Regulatory Compliance Specialists (ERCS)

I confirm that Trimox Energy Inc. has dealt with Eclipse since 2004, during which time they have provided my business with excellent service in the areas of regulatory compliance. They have helped us with several pipeline and facility applications as well as environmental and miscellaneous regulatory items.

Their work and expertise has been a major factor in our ongoing success, helping us to remain 100% compliant in all applications that Eclipse has been involved with. In particular, ERCS and the relationships they hold with the various regulating bodies proved very helpful with respect to executing operations associated with the building of Trimox Energy Inc.

I can confidently recommend Eclipse Regulatory Compliance Specialists as a solid and reliable partner, and experts in their field, and would not hesitate to use their services again in the future.

Regards,

Trimox Energy Inc.
